Galleries

Welcome to the world of Doug Bowman Galleries!

Attached is a portfolio of artisan lamp designs made exclusively for the outdoor sportsman, log cabin enthusiast and avid fisherman.

We take special request for customized orders, contact us for further details.

Copper Shades

Our shades are created from high quality 12 oz. copper. We hand cut designs in each shade to keep that true artisan feel. The shades we offer are truly one of a kind. Each shade is signed and dated for the collector, I hope you will enjoy these wonderful lamps as much as we enjoy creating them.

We stand by our product

We offer a 100% satisfaction guarantee on any purchases. If you are not satisfied within the first year of your purchase if you are we will refund you in full.

COPPER SHADES

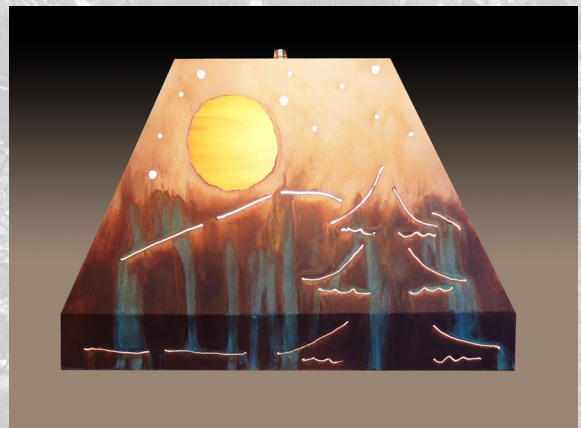

Sitting Bear Design

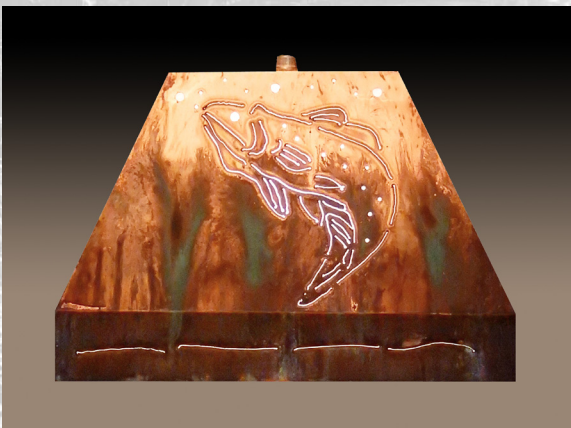

Deer Design

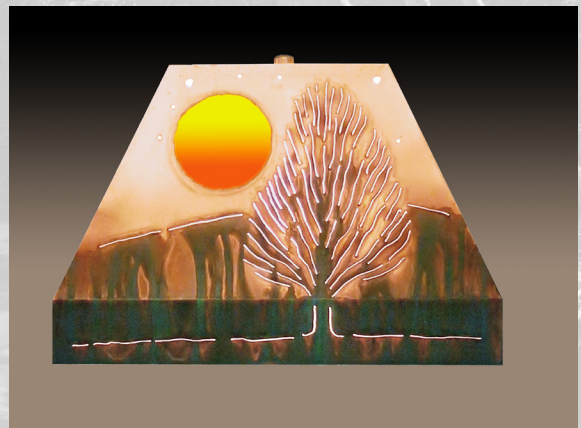

Boy Fishing Design

Moon/Mountain Design

Trout Design

Moon/Tree Design

Wondering how we create these lamp shades? We start by using high quality 12 gauge copper sheets then hand cut a design using a plasma cutter. For that aged look and feel we apply patina then preserve it with a clear coat lacquer. To finish off, the top opening uses a solid brass bridge to mount the shade. Stained glass inlays can be added to most custom design.

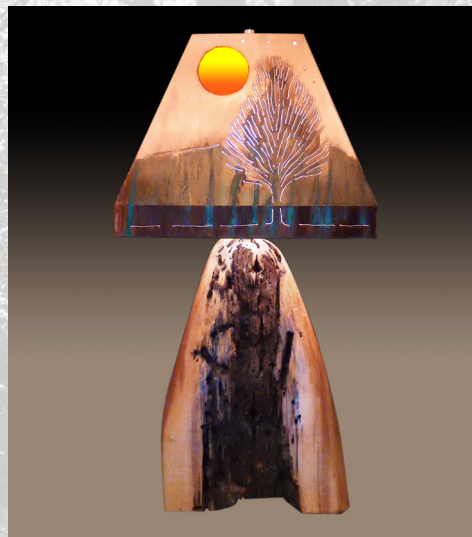

- Small lamps are 6" wide by 11" long by 8" tall (uses 6" harp)
- Medium lamps are 7" wide by 12" long by 9" tall (uses 8" harp)
- Large lamps are 9" wide by 14" long by 11" tall (uses 10" harp)

Moon Mountain Design

We build our lamp bases from seasoned Red Oak which is sanded, smoothed then lacquered to preserve the natural look of the wood. Most combinations of our shades can be mounted on each base. Small lamps are limited to specific designs due to size.

- Large are approximately 28"-32" tall
- Medium are approximately 20"-22" tall
- Small are approximately 16"-18" tall

FLOOR LAMPS

Deer Design

Moon/Tree Design

Moon/Mountain Design

Trout Design

We personally handpick our natural driftwood from lake shores in the North Carolina area, which makes each a unique piece of art and gives a rustic feel for any room in your home. Each of our lamps are mounted on American solid woods. Standard woods are Red Oak, Wormy Maple, Cherry, Cedar and Black Walnut. We can use a variety of custom woods for the base by contacting us.

The dimensions are roughly 2' wide and 5' to 6' feet tall and can come with an optional small pedestal. You can choose any of our custom designed copper lamp shades.

Due to the uniqueness of each piece, we recommend you contact us prior to purchasing.

NIGHT LIGHTS

Angel Design

Crescent Moon Design

Owl Design

Horse Design

Our handcrafted nightlights are created the same way as our shades.
Dimensions for decorative nightlights are 5" by 4" by 2".

We have other designs available but not shown, Bat design, Tree design and Sitting Bear design.
